A cash bar after party will be hosted by Bar Cicchetti and open to the public. A percentage of proceeds will be donated to WAI.

Wilson Elementary is a thriving, diverse, 100-year-old elementary school serving the heart of the urban core in Oklahoma City. We have been partnering with the Kennedy Center and the Black Liberated Arts Center for 25 years to cultivate Oklahoma City's only arts integration curriculum. Students at Wilson "nurture their quest for knowledge through the arts" each day through a rotation of drama, strings, music, visual art, and creative movement. Our arts integration curriculum continues to produce measurable results, including Oklahoma City Public Schools' highest state testing scores, Oklahoma City Public Schools' highest state report card, Oklahoma's first National PTA School of Excellence

award, and more.

As you know, the success of this event is crucial. This fundraiser allows Wilson Arts Inc. to bring in arts integration training for staff and support projects and supplies that improve programming in the school. Since 2015, this event has funded countless impactful learning opportunities, both large and small.

We need your support to ensure continued success at Wilson Elementary! Please consider sponsoring this worthy event. Details on the event and sponsorship can be found at www.WilsonArtsInc.org. Feel free to contact Ellen Pogemiller (epogemiller@okea.org) with any questions.

Welcome to the Neighborhood

A warm welcome to our newest neighbors!

Sprinkler Checkups and Workshops

The City of Oklahoma City Utilities Department's homeowner and neighborhood association programs are now available, and they are excited to offer the following, free of charge:

Sprinkler Workshops for Residents

We are launching a new workshop opportunity for residents this year to learn how to water landscapes efficiently and potentially save money on their utility bill. Many individual homeowners have expressed an interest in learning how to operate and care for their sprinkler systems. You can schedule our team to meet with a group of homeowners to review sprinkler system basics and demonstrate how to perform their own sprinkler checkups. All we need is a volunteer's home or an irrigated neighborhood common area that is away from busy streets, such as a park, greenbelt, or clubhouse. Email us at waterconservation@okc.gov to schedule and get your residents ready for sprinkler season!

Neighborhood Common Area Sprinkler Checkups

Neighborhood leadership can now book a common area sprinkler checkup for your neighborhood on our website at SqueezeEveryDrop.com.

Request a Speaker

Water conservation team members are also available to speak at neighborhood or HOA meetings and events. Contact us atwaterconservation@okc.gov or fill out the request form at SqueezeEveryDrop.com.

For more information, please contact Kelsey Whorton, Water Conservation Coordinator at the Utilities Department of City of Oklahoma City at 405.297.1907 or visit okc.gov/utilities
